

I recently thought about how difficult it would be to get anything accomplished in the following situation. Imagine you have gone shopping. When you arrive at the store, you discover your feet were tired from all they did the day before so they remained in bed. Your eyes did not come either since they wanted to see something on the television. Finally your hands stayed at home to get a meal ready for relatives coming over later. You would not get much shopping done.

The church is a body. Each member is a part. Some are mouths teaching while others are ears listening for the voice of God. Some are eyes seeking the needs and others the hands ministering to those needs. Some are the knees praying and some are the feet going. Some are the hearts loving.

Without all the parts the human body does not function as it should. The same is true for the body of Christ, His Bride, the church. As believers we need to be faithful to the work of the church, lest we hinder the cause of Christ.

Your co-laborer.

Bro. Mike
